FOREST DEPARTMENT.

SHIMOGA FOREST DIVISION.

Notification dated 19th January 1940.

Sealed tenders for the preparation of charcoal in Cast Iron Kilns or Country Kilns, separately, including the filling of the same in bags and carting to Railway Stations and loading into wagons during the period from 15th June 1940 or from the date of execution of the bond to 14th November 1940 and from 15th November 1940 to end of December 1940 as per statements below will be received by the District Forest Officer, Shimoga Division, up to 2 P.M. on Monday the 26th February 1940.

2. Each tender should be superscribed as "Tender for Collection and Carting of Charcoal" and should be accompanied by a deposit of Rs. 50 in currency notes in each case.
3. The localities from which charcoal has to be prepared are detailed below.
4. The Conservator of Forests, Shimoga, will be at liberty to accept or reject the lowest or any tender without assigning any reason therefor. In the case of unsuccessful tenderers, their deposits will be returned.
5. Within a week from the date of intimation of acceptance of the tender, the successful tenderer should furnish a cash security of Rs. 100 and execute an agreement on a duly stamped paper, binding himself to the conditions noted below, failing which the earnest money already furnished will be forfeited to Government and the contract cancelled.
6. The particulars of working centres and the quantity to be collected and carted from each working area have been furnished below.
7. The work that will be allotted to the successful tenderer should be commenced and supplies started from 15th June 1940 and will have to be completed before the 14th November 1940 and 31st December 1940 as per agreement to be executed by him.
8. Further the tenderers are at liberty to apply for one or more items of works.

Conditions.

- (a) Only such of the trees as are not marked by the Range Officer in charge of fuel works should be felled.
- (b) While doing the fuel collection, etc., works, the contractor should see that no damage is caused to any trees by negligence in felling or cutting and dragging any tree or by stripping off the bark or leaves from or otherwise any trees which are marked by the Range Officer.
- (c) The tools and other instruments required for charcoal preparation should be provided by the contractor himself. In burning charcoal, the contractor should not kindle any fire in such manner as to endanger the forest growth.
- (d) No advances, under any circumstances, would be granted for the work. Payments will be made only on bills supported by the acknowledged invoices of the Iron Works once in a month. No payment will be made for the quantity treated as braize by the works authorities.
- (e) All the instructions issued by the concerned Range Officer should be adhered to.
- (f) The tenderer must not sublet his work. The contractor or his duly authorised representative must be at the work spot always.
- (g) If the contractor fails to supply the stipulated quantity each day, his contract is liable to be cancelled, making him responsible for all losses that might occur therefrom.
- (h) The orders of the District Forest Officer in all matters connected with the supply of charcoal will be final and in case of any breach of the rules, he may fine the contractor to the extent of Rs. 25.
- (i) Empty bags will be supplied on indent from the contractor in writing near the station yard to the duly authorised person.
- (j) The contractor is held responsible for the loss of bags or materials lost in transit.
- (k) The charcoal prepared by the contractor should be without any braize and should be free from particles of fire, etc.
- (l) The contractor shall abide by the rules of the department as regards the kindling of the fires and shall hold himself responsible for any Forest offences that may be committed by himself, his agents, employees or workmen.
- (m) It should be clearly noted that the contractor should make his own arrangements in the matter of opening of roads, etc., in the Forests for the carting of fuel to the working centre.
- (n) Fellings should be made in a methodical manner from one side, leaving the standards marked on the area intact along with trees less than one foot in girth; trees yielding Minor Forest Produce and all trees that are within a radius of six feet from sandal trees and sapplings should be spared.
- (o) To safeguard against fire, the contractor should make fire lines around the area where he has stored charcoal and burn such lines in time. He will himself be responsible for the loss of any charcoal either by fire or otherwise through his own negligence or that of other until they are handed over to the department. In the case of charcoal, he will be responsible for it until the same is loaded on waggons.
- (p) The supplies at any cost should be completed by the specified time.
- (q) Should the contractor fail to abide by any of the above conditions the District Forest Officer will be at liberty to forfeit the security deposit in full or any portion of it as he thinks fit.
- (r) Separate rates should be quoted for monsoon supplies and fair weather supplies.
